News & Information from the Whitefish Community Wastewater Committee

WCWC Requests Community Comments – April, 2013

—Ryan Purdy, Lazy Bay Representative and Karen Reeves, Whitefish Lake Institute Board Member

The Whitefish Community Wastewater Committee (WCWC) held a Community Forum “open house” on March 25 to share information about Whitefish wastewater management challenges and plans, and to offer the community an opportunity to provide their comments. On hand were members of the WCWC, City Council, and City of Whitefish Public Works. If you missed the forum, it is not too late to participate. The survey/comment form is available on the City of Whitefish website at <http://www.whitefish.govoffice.com/>. Comments are due as follows:

MAIL: Postmark by Monday, April 22, 2013 City Clerk, WCWC Comments, PO Box 158, Whitefish, MT 59937-0158

EMAIL: Scan and email no later than 5:00 PM on Thursday April 25, 2013 to nlorang@cityofwhitefish.org

DELIVER: No later than 5:00 PM on Thursday April 25, 2013 to the City Clerk’s office at 418 E 2nd St, Whitefish

FAX: No later than 5:00 PM on Thursday April 25, 2013 to N. Lorang at 406.863.2419

As a result of some questions asked during the Community Forum , we offer some clarification regarding the purpose of the committee. The committee is tasked with providing a wastewater management program plan to the City Council for their review. It is important to note that it is not within the scope of the committee to make recommendations regarding annexation, City-provided services, or the ongoing relationship between the City of Whitefish and Flathead County regarding the planning jurisdiction.

Please consider providing comments for this important water quality project!
