an edition of the Daily Press 75¢

## Zap the Zebras

**TINY  
CRITTER!  
HUGE  
THREAT!**

*Smaller than your thumbnail, Zebra & Quagga mussels pose serious economic and environmental threats. Transported as adults attached to boat hulls or as tiny larvae (veligers) found in water pooled within boats, boat motors, and live wells, these organisms colonize and clog or destroy water systems.*

WHITEFISH COUNTY WATER DISTRICT

Whitefish Lake
