FOR IMMEDIATE RELEASE

**Don “K” Subaru Partners with the Whitefish Lake Institute to Provide Early Access to Aquatic Invasive Species (AIS) Inspections and Preventative Hot Washes**

WHITEFISH, MT, April 23, 2018 – Don “K” Subaru and the Whitefish Lake Institute (WLI) have partnered in the fight against aquatic invasive species. Early access to watercraft inspections and preventative hot washes will be available Saturday, April 28<sup>th</sup> from noon until 4:00 PM at the new AIS Prevention and Decontamination Station on the west side of Hwy 93 across from Don “K” just north of J. P. Road.

“As a critical element of the Don “K” *Subaru Loves the Earth* campaign we will host the Whitefish Lake Institute decontamination station on our lot May through October of this year,” according to Don Kaltschmidt owner of Don “K” Subaru.

With watercraft launches opening on May 1<sup>st</sup>, this gives local boaters a chance for early access to watercraft inspections and preventative hot washes. Avoid long opening day lines and help protect our waters from the threat of invasive species.

“It is important to all of us to do what we can to protect our outdoor lifestyle—and here in Montana that means protecting the pristine waters that all of us have grown up enjoying. We hope together we can make a big difference to the long-term health of our lakes and streams.”

About Whitefish Lake Institute

Founded in 2005, the Whitefish Lake Institute is a 501 (3)(c) non-profit organization committed to science, education, and community stewardship to protect and improve Whitefish Lake and Whitefish area water resources today, while providing a collective vision for tomorrow.
