

Whitefish Pilot

January, 2021

Science

The Whitefish Lake Institute is hosting its next Science Quencher on Friday, Jan. 15 at 5:30 p.m. on Zoom. The evening includes lightning round talks from local science experts.

Speakers include, Franz Ingelfinger,

Wildlife Biologist and Restoration Ecologist with Montana Fish, Wildlife and Parks; Ryan Richardson, Fluvial Geomorphologist with River Design Group; Lori Roberts, Research Assistant (Bear Biologist) with Montana Fish, Wildlife and Parks; and Samantha Tappenbeck, Conservation Program

Manager with Flathead Conservation District. Visit www.whitefish-lake.org to register and receive a Zoom link.
