

A CHARITABLE GIVING CAMPAIGN

Benefiting 56 local nonprofits in

2020

whitefishcommunityfoundation.org

PRIMARY USE OF FUNDS: Samaritan House would like to provide case management for residents in the homeless shelter. Case Managers will help clients secure housing and employment through referrals and applications for other resources. We will fix homelessness, not sustain it.

SECONDARY USE OF FUNDS: Additional funds will offset shelter expenses associated with supplies (paper products and lunchroom supplies) and utilities.

SHEPHERD'S HAND FREE CLINIC

PRIMARY USE OF FUNDS: Shepherd's Hand supports and improves the health and well-being of those in need, while partnering with other community-based organizations to connect the most vulnerable with social services. Funds raised will provide direct program support.

SECONDARY USE OF FUNDS: Additional funds raised will be directed to our Endowment Fund, ensuring the long-term vision of our organization.

SPARROW'S NEST OF NW MONTANA

USE OF FUNDS: Funds will support compliance with newly adopted Department of Health and Human Services regulations, in addition to providing programmatic support of the 8-bedroom long-term living facility for unaccompanied homeless high school students.

STUMPTOWN ART STUDIO

PRIMARY USE OF FUNDS: Funding will support Stumptown Art Studio's many arts education programs and community projects that enhance the quality of life of our Whitefish residents and visitors.

SECONDARY USE OF FUNDS: Additional funds will be directed to build our Endowment Fund, which is approximately \$5,000 short of the minimum required balance for distributions.

STUMPTOWN ICE DEN

PRIMARY USE OF FUNDS: Funds will support entry-level programs for our 2 nonprofit youth-orientated user groups. We will continue supporting youth hockey's non travel hockey program (Yeti League) and Glacier Skate's Learn To Skate program.

SECONDARY USE OF FUNDS: We plan to build an enclosed mezzanine above the north end of the rink. This will provide an elevated, climate controlled viewing area for spectators. The mezzanine will also provide much-needed extra space for parties and events.

WHITEFISH COMMUNITY CENTER

PRIMARY USE OF FUNDS: Funds raised will maintain and expand community outreach through our current Meals on Wheels program, increase awareness through marketing, senior citizen activities, and program growth, as well as support operating costs of the Community Center.

SECONDARY USE OF FUNDS: We seek funding to make multiple small improvements to our dining space, kitchen, and coffee bar to enhance and update our interior space.

WHITEFISH COMMUNITY FOUNDATION

USE OF FUNDS: Your gift will support Whitefish Community Foundation's grant programs; allowing us to deliver crucial funding, build endowments, and provide educational programs that support and strengthen our local nonprofit community.

WHITEFISH LAKE INSTITUTE

USE OF FUNDS: Watershed64 strengthens community resilience by addressing water quality issues that threaten human and environmental health. It enables scientific research and engages citizens of all ages in water quality stewardship and educational programming.
